**P**iaggio Vehicles launched its electric vehicle, Ape' E-City for Thiruvananthapuram and Kozhikode in the Kerala market, at a price of 1.98 lakh (ex-showroom, Kerala). The Ape' E-City offers zero emission, with nearly no noise and vibration making it a next generation last mile mobility solution for the urban India. It comes with advanced Li-ion batteries, automatic gear box, no gear and clutch, doors for safety, full digital cluster, and also claims to be the first 3-wheeler to have smart swappable batteries.

The swappable battery concept on the Ape' E-City is being brought in association with Sun Mobility. These swappable batteries claim to offer best in class power, pick-up, mileage and low maintenance. Sun Mobility offers an app enabled eco-system for customers to check battery state of charge, locate swap stations, recharge batteries instantly with no waiting time. Piaggio says there is a growing demand for electric autos which can give better experience to commuters and tourists and increase earnings of auto drivers.

The Piaggio Ape' E-City is equipped with a digital instrument cluster.

The Piaggio Ape' E-City is equipped with a digital instrument cluster with information like state of charge, drive modes, service alerts, economy mode etc provided for advance assistance to drivers. Piaggio is offering the Ape' E-City with a warranty of 36 month or 1 lakh km (whichever is earlier) along with free scheduled maintenance for 3 years.
